Bagche Celebrates Nowruz!

Team Updates: We are growing!

Next Up...

NOWRUZ: Beginning of Spring and Persian New Year

Every year all Iranian communities come together to celebrate Nowruz and renew their hope for future.

Every year Nowruz celebrations take place at the Boston Museum of Fine Arts (MFA) with a 7-Sin display and a variety of traditional art shows. Our students put up a booth and showed off their drawing skills in an art-show as part of the MFA Nowruz celebrations.

They also put on a dance performance at the Nowruz celebration hosted by the Iranian Association of Boston (IAB). This one is extra special as to combat last minute supply issues, the community came together making the traditional dresses in a one-day workshop led by Roshan; with no previous sewing experience!

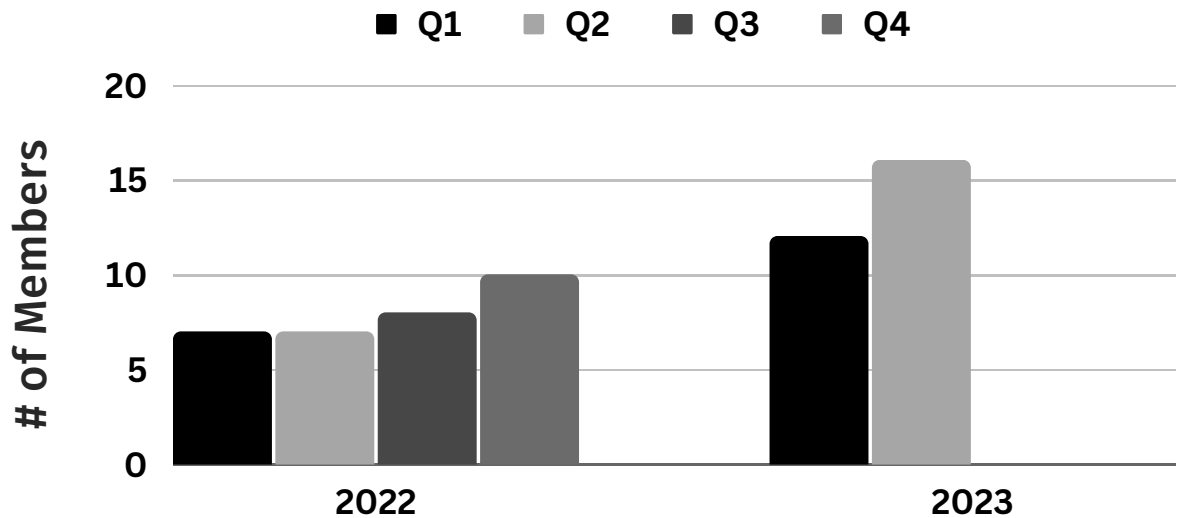

Check out this 7-Sin table!

To foster Bagche's growth, our team of gardeners is growing. We now have 2 times more dedicated teachers, volunteers, and artists as we did last year.

We are in the process of scheduling more events during the year, boosting our social media presence, and increasing our outreach efforts.

Bagche recently joined a cohort of Brookline, Brighton, and Allston businesses in a series of virtual workshops facilitated by Boston University and Boston College. Businesses are paired with faculty mentors who specialize in marketing, public relations, and cyber security.

This Bootcamp provides an excellent opportunity to learn about areas to improve or expand. More importantly, we had an opportunity to network with other local educational institutions and initiate collaborations that will benefit our students in the future.

Stay Tuned for
More Pollen!

Wayland's World Fair on May 13th 2023

Our students will share our Persian culture through dance. Join us and travel the world in one day. Enjoy dance performances, music, and food trucks!

Yalda 2023

Bagche received the Massachusetts Cultural Council, FY23 Festivals & Projects grant to celebrate Yalda.
