As expected, staff salaries remain our main expense and together with rent comprise more than half of our total expenditure.

Bagche total budget
\$46,501.85

Bagche earnings
\$7,574.85

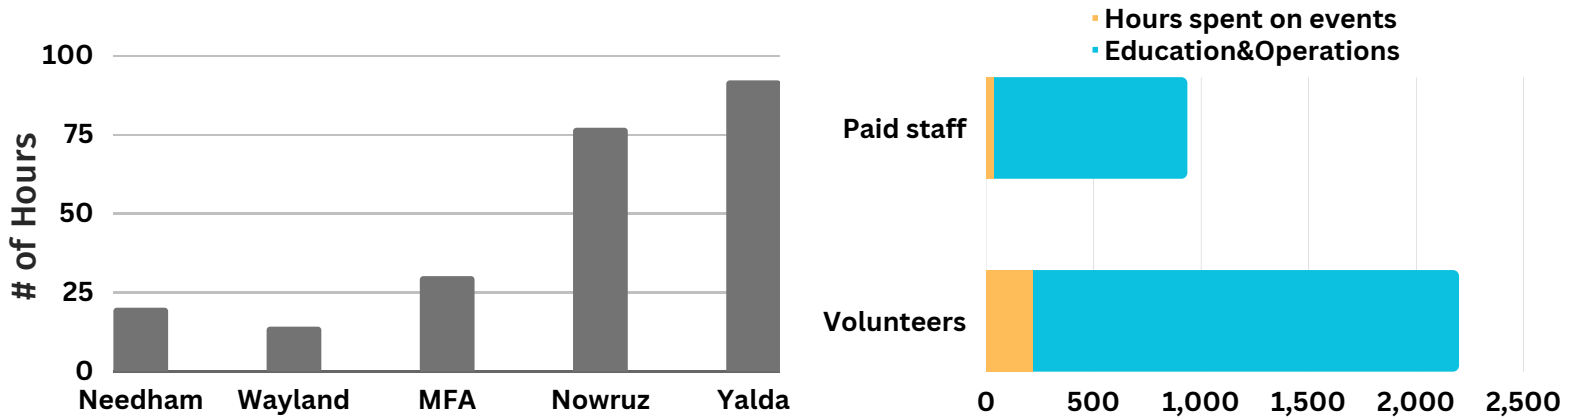

Bagche operating expenses
\$38,927.00

Although our end-of-year earnings surpassed our total annual budget, the real profit is all the culture, language, and history our kids absorb.

Our volunteers are just as involved in fostering Bagche's growth as our paid staff. Our team of volunteers have played a crucial role in event planning, bringing our ideas to life, and inserting a healthy dose of fun in all our educational activities. In the 2022-23 school year, Yalda drew the most volunteer effort. Our teamwork is a testament to Yalda's message: together, we can weather the longest of nights to bask in the sun.

Volunteers covered a significant part of Bagche's educational and operational responsibilities including classroom teaching, curriculum development, and educational assessments.

In fact, speaking of everyone's dedication...
